

MULTI-TRACK PATIO DOORS

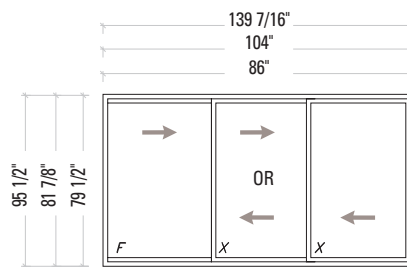

Expand Your Horizons

Our Multi-Track Patio Doors allow you to open up and expand your living space, inside and out.

The Strassburger Multi-Track Patio Door system is an all-PVC frame with mechanical sash that is designed for larger openings, better operational safety and greater convenience. A minimum of floor space is taken up thanks to the unique double roller track that allows panels to slide and stack perfectly within the door frame.

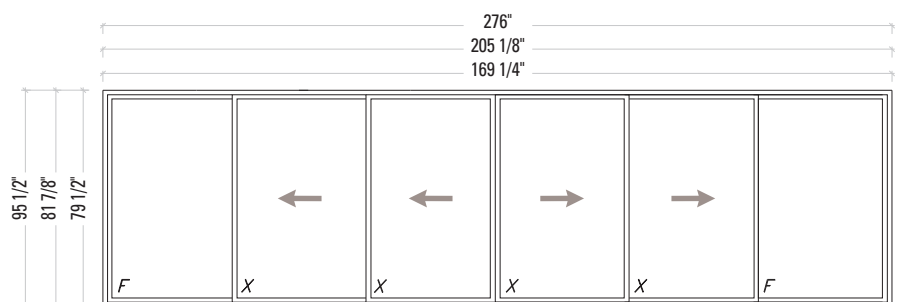

Easy to open, easy to close. Everything has been considered to the finest detail to offer a smooth glide for a door that size.

Standard widths for 3 panel door systems:
86" / 104" / 139 7/16"

Standard widths for 6 panel door systems:
169 1/4" / 205 1/8" / 276"

Available in 79 1/2", 81 7/8" and 95 1/2" standard heights. Other custom sizes are available.

ENGINEERED PERFORMANCE

Strassburger
SINCE 1949
WINDOWS AND DOORS

Unparalleled Durability and Efficiency

Sophisticated technology for truly upscale and beautiful patio doors.

Strassburger Multi-Track Patio Doors are designed to offer quality and performance that will last a lifetime.

FEATURES

- 6 7/8" (174.625 mm) PVC frame
- Robust profile design offers superior thermal performance, maximum sturdiness and durability *without* reinforcement
- Two-level sill ensures optimal drainage and excellent water evacuation. The hidden anodized aluminum sill prevents debris blockage and is simple to remove for cleaning
- Weatherstripping attached to an adapter makes replacement easier
- All installation screws are hidden

Precise functionality ensures long lasting use

Patented tandem wheels in ultra-durable nylon leave no marks on the rail and provide smoothness of operation. Stainless steel housing, ideal to prevent premature wear in a saline environment.

In testing, our doors carrying a 165 lb. sash, withstood 119,000 test cycles without failure - the equivalent of 30 years of constant use!

Pocket screens that don't spoil the view

Fully retractable screens with no bottom threshold provide a modern aesthetic that retains an unobstructed view of the outdoors.

- easy installation
- no bottom threshold
- low maintenance

The best patio door systems in the industry, backed by the best warranty.

Lifetime warranty on white patio door frames and sashes and 15 year warranty on painted vinyl surfaces. Lifetime warranty on Cardinal glass and thermo-seals. 5 year warranty on patio door hardware.

Standard or custom. You pick the colour.

We offer a variety of standard colours. Ask your representative for colour samples. Custom colour matching is also available.

Hardware that's stylish and secure

Standard stainless steel multipoint locking system. Add personality to your patio door with a variety of stylish handsets available in a variety of optional finishes.

Contemporary hardware is standard on all configurations. Ask your representative for hardware recommendations.
